

AusACPDM Listening and Sharing session

Selective Dorsal Rhizotomy: shared experiences of SDR Programs in Australia and England

Join us in our free Listening and Sharing Session

Thursday 15th February 2pm Australian EDST

We are happy to announce this special event, an additional AusACPDM Listening and Sharing session in February.

This will be held via zoom, open to everyone (registration essential as numbers are limited!) OR there is limited availability to attend in person at Spacecubed North Parramatta (email Jennifer.lewis@health.nsw.gov.au for in-person attendance- RSVP 11 Feb 2024).

Topic information: Kids Rehab, Neurosurgery and The Children's Hospital at Westmead (CHW) are delighted to host Dr Kristian Aquilina from Great Ormond Street Hospital, London. Dr Aquilina is an internationally renowned expert in the field of Selective Dorsal Rhizotomy (SDR) surgery for cerebral palsy. His visit to Sydney offers a unique opportunity for collaboration and the exchange of knowledge.

This session will highlight current practices in Australia and London, including knowledge translation strategies designed to enhance knowledge and foster shared decision-making among families and clinicians.

Speakers: Dr Kristian Aquilina (Great Ormond Street Hospital) and Jenny Lewis (The Children's Hospital at Westmead)

The session will be facilitated by: Dr Simon Paget
