

# AusACPDM Listening and Sharing session

## Congenital Cytomegalovirus

Join us in our free listening and sharing session

**26<sup>th</sup> June, 4.30pm Australian EST**

**Did you know that June is CMV Awareness Month?**

So what better time to learn about this common virus, outcomes for children born with CMV, clinical outcomes for children with congenital CMV disease and opportunities for prevention.

**Most importantly of all, during this session you will hear from families with lived experience describing their journeys and what family centred care has meant for them.**

Join us for this interactive AusACPDM Listening and Sharing session which will be of interest to clinicians, researchers, students and people with lived experience.

***Presenters include:** Hayley Smithers-Sheedy, Kath Swinburn and Pam Rogers*

***The session will be facilitated by:** Hayley Smithers-Sheedy*
