

ARE YOU AN ADULT WITH CEREBRAL PALSY?

We want to understand how adults with cerebral palsy use different types of mobility aids to move around in their everyday lives

We are looking for adults with cerebral palsy who are...

25 - 65 years old **and** could walk as a teenager with or without aids

WHAT'S INVOLVED

- A 15-30 minute online anonymous survey (assistance is available)
- You go into a draw to win a \$100 gift card!

WHAT WILL BE ASKED?

- The types of mobility aids you use and why (like orthotics, crutches, wheelchairs)
- How often you use them and why
- Your age and living situation and how this impacts your choice of aids
